# Help Saint Francis de Sales School to teach children their future!

Opened in October 2017, Saint Francis de Sales School welcomes today 200 pupils, and the original buildings are already too small to accommodate them.

The original design was to build 17 buildings, and only 3 were realised for the opening. Other buildings are planned for the future, including a chapel, administration buildings and sports facilities.

Next summer, a group of young French people from Lille, France, are planning to go and help Canon Fragelli to build one of those buildings, which will include a library and a computer room (320m<sup>2</sup>).

At Saint Francis de Sales School, the children are taught the usual subjects, including Catechism, English and Latin, and, to help them finding a job later, learn gardening, baking, sewing or joinery.

An access to literature is really important to complete the cultural teaching, and knowing how to use a computer, which is very necessary in today's employment market.

The school is also an opportunity for the children and their families to discover the Latin Mass, and some of them are now coming for Sunday Mass at the Mission, which is very encouraging for Canon Fragelli to continue this beautiful project.

## **FATIMA DAY!**

A lovely day was had by all on Saturday the 12<sup>th</sup>. The theme for the children was the Three Wise men of the Epiphany and many of the children came dressed as Balthazar, Caspar or Melchior.

The children made paper lanterns which they decorated with coloured paper and golden crowns covered in jewels! Canon Poucin explained the role of the Three Kings, the gifts and Epiphany and then in their costumes we all processed into the church to present the gifts to the infant Jesus in the crib.
